

PALESTRINA

AND THE MUSIC OF THE SISTINE CHAPEL

In the sixteenth century the Sistine Chapel witnessed the emergence of a unique liturgical culture in which Renaissance art and music combined. The sublimity of Michaelangelo's frescos was matched by the sacred music composed for the Papal Chapel by Giovanni Pierluigi da Palestrina and his contemporaries. 2025 is a Holy Year – a special year of pilgrimage to Rome – and it also witnesses the sixtieth anniversary of the Latin Mass Society. This celebration of sacred music sung by the Southwell Consort will celebrate these occasions by presenting this polyphony in the context of the traditional Roman liturgy for which it was originally composed.
